

# optic – PO 1

Identify the following syllable types. Write the syllables in the appropriate columns below. If you need help with a syllable type, replay the lesson.

op      pi      lar  
tic      pin      o  
ro      fan      tas  
-tion      sorb      ti

Closed	Open	Vowel- <i>r</i>	Final Stable

optic

## optic – PO 2

Read each row six times, increasing your speed as you do so.

1. optic                                      odd                                      contact

2. frog                                      dock                                      moth

3. foster                                      pot                                      sock

4. lost                                      often                                      smock

5. object                                      goblin                                      boggle

6. offer                                      oblong                                      hobby

Underline the word that is an insect.

Star the words that have two syllables.

# optic – PO 3

Underline all the closed syllables in the following passage. Read the underlined words and then read the whole passage.

## *The Fox and the Crow*

A black Crow was sitting on a branch of a tree with a piece of cheese in her beak when a Fox saw her and set his mind to work to discover some way of getting the cheese.

Coming to stand under the tree, he looked up and said, "What a fantastic bird I see above me! Her beauty is without equal, the hue of her plumage is exquisite. If only her voice is as sweet as her looks are fair, she would without a doubt be Queen of the Birds."

The Crow was flattered, and just to show the Fox that she could sing she gave a loud caw. Down came the cheese, of course, and the Fox, snatching it up, said, "You have a voice, madam, I see; what you want are wits."

What is the lesson learned?
